

VIRTUAL INSTRUCTION BY EXCELLENCE

ACADEMIC ACCELERATION PROCESS

Acceleration is only available by following the Virtual Instruction By Excellence (VIBE) program process listed below.

Note: Teachers will meet individual student needs through differentiation.

The following criteria will be used for any questions to help the Administration and Superintendent of Schools determine that the request is appropriate.

Note: All acceleration will be approved or declined by Superintendent of Schools with the use of the following criteria.

1. Student must demonstrate high achievement and exceed in standardized assessment areas.
2. The student should exhibit all or most of the following traits: social and emotional maturity, strong independent skills, motivation, and persistence, and an intense interest in the subject area.
3. The student must show a desire to subject accelerate.
4. Once VIBE administration has reviewed information the family will be notified to know if this request was approved or declined.
5. If acceleration is approved this will occur at a natural transition time determined by the VIBE administrative team.
6. If a plan is designed for the student it will be identified and documented in the student's cumulative file at their school of attendance, this plan will be reviewed annually.
