

PLC Team Tasks

The following list identifies tasks and products PLC Teams will work on. These steps may be completed in various orders. This process is an ongoing cycle.

- Adopt team norms
- Assign team roles
- Analyze student data
- Set team SMART goals
- Identify power standards
- Create pacing schedule for the instruction of power standards
- Develop formative/summative common assessments
- Set standards of proficiency for each assessment
- Identify strategies for addressing student needs

Critical Questions to be Answered:

- What knowledge and skills do we expect our students to learn?
- How will we know if our students have learned expected outcomes?
- How will we respond, individually and collectively, when our students have difficulty learning expected outcomes?
- How will we respond, individually and collectively, when our students have already learned expected outcomes?
- How can we use the evidence of student learning to inform and improve our practice?
