

Smart Music

SmartMusic is award-winning interactive music software that provides the ideal practice environment. Students have access to the world's largest accompaniment library for all ages and skill levels, which includes thousands of pieces of music, including band music and lesson books.

Smart Music from the student's point of view

Launch SmartMusic. Plug in the microphone, and start practicing. SmartMusic is ideal for woodwind, brass, percussion, string, and vocal musicians of all levels. Students play or sing their part with background accompaniment and get instant feedback on their computer.

Why [SmartMusic](#) makes learning music fun:

- Play songs from a huge SmartMusic library.
- Learn how your part fits with the rest of your musical group.
- SmartMusic listens as you play, giving you instant feedback.
- Move at your own pace and control the tempo and key of the music.
- Record and play back your practice sessions. Students can even send recordings of their performances to their family to demonstrate their progress.
- Play solos and SmartMusic will listen and follow your spontaneous tempo changes.
